Dear Techerin:

It is with feelings of deep regret that I see you leaving us for 6 months, being called by an emergency appointment of an important nature.

The start of your career as a Field Underwriter was so successful that I only hope that this interruption will not disrupt your contacts with your clients and prospects to an extent that you will have to start from scratch. It is understood that I will try as much as I can to follow up on your clients as far as opened cases and policies in force are concerned.

I wish you luck in your present assignment and I am looking forward to see you back on August 16th. - And let us hear from you once in a while.

Sincerely,

Assistant Manager
